Materialas and Certificates

Wood

We commit to exclusively using FSC (Forest Stewardship Council) certified woods in our products. The FSC certification verifies that the wood comes from sustainably and responsibly managed forests, adhering to strict environmental, social, and economic standards. This implies that the wood harvesting process is managed to preserve biodiversity, respect the rights of local communities, and ensure that forest resources are used sustainably for future generations.

Our pledge to utilize only FSC-certified woods reflects our commitment to environmental sustainability and social responsibility. By supporting sustainable forestry practices, we contribute to preserving forest ecosystems, mitigating environmental impact, and promoting responsible management of natural resources. The FSC certification serves as a guarantee that underscores our commitment to environmental protection and respect for the local communities involved in wood production.

Fabrics

We ensure that we exclusively use certified fabrics for our products, particularly those from the brands FIDIVI and Gabriel, both Trevira certified. These certifications confirm that the fabrics meet the required standards of quality and safety to ensure compliance with the high-quality project requirements. Moreover, the use of certified Trevira fabrics contributes to ensuring the fire resistance necessary to meet safety standards in contract projects. The model we have chosen is the Laser N 100% Polyester Trevira CS, while from GABRIEL we have selected the products Cura and TONAL additions. We are talking about a technical fabric, self-extinguishing, certified for office or contract use with a specific weight of 340 g/m².

These fabrics come with certifications such as Oekotex and Euflower-Ecolabel. They are fully recyclable and resistant to abrasion (100,000 Rubs) and color changes due to exposure to direct light. Offering warm, casual aesthetics, vibrant melange effects, soft, voluminous textures, comprehensive color ranges, and high stretchability, these fabrics are perfect for office and lounge furniture. They are also environmentally friendly, with 98% recycled post-consumer polyester, 99% post-consumer recycled polyester (in the case of GABRIEL TONAL), and 100% recyclable polyester. Additionally, they hold the EU Ecolabel, STANDARD 100 by OEKO-TEX® certification, and meet Möbelfakta requirements, making them ideal for a wide range of applications.

Remarks

Validity

This quote is valid until 12/12/2024

Delivery times

Approximately 05 to 07 weeks after technical and commercial verification (Only in EU). This condition is valid only within the European Union; for non-EU countries, each case will be specifically judged.

Terms of delivery

KEIGIO® delivery. If KEIGIO® does not take care of the installation and assembly of the furniture, it will be delivered on the ground floor. This condition is valid for customers and deliveries within the European territory; for non-EU countries, all shipping must be organised and carried out by the customer.

Warranty

24 months warranty on all products, unless otherwise stated. The warranty complies with European laws for the EU territory. For non-EU territories, the warranty conditions will be evaluated and specified based on the local laws and regulations of each country.

Payment terms

50% upon acceptance of the quote, the remaining 50% before the products leave the factory. Within 30 days without deduction.

Remarks

The transportation fees are as follows:  
Orders between €0 and €2,500 net/excluding taxes/excluding eco-contribution: 15% delivery fee  
Orders between €2,500 and €5,000 net/excluding taxes/excluding eco-contribution: 10% delivery fee  
Orders over €5,000 net/excluding taxes/excluding eco-contribution: free delivery  
(These delivery conditions apply to a warehouse with unloading dock.)  
(Delivery to the site is possible but subject to prior assessment).”

\*Please be advised that the aforementioned conditions pertain exclusively to deliveries and orders conducted within the territory of the European Union. It is imperative to note that for deliveries and shipments, inclusive of customs duties, beyond the boundaries of the European Union, the responsibility for management and facilitation falls upon the customer or the designated ordering entity.

Furniture to customer specification

The furniture, tailored to the client's specifications, is non-negotiable and non-refundable.

General terms and conditions of sale

Our deliveries are subject to our general terms and conditions of sale, which are printed on the following pages and include a retention of title clause in our favor, as well as a jurisdiction clause in favor of the courts of our registered office.

Additional information on products or ranges

The mechanical parts are subject to wear and are therefore excluded from the warranty of the furniture. All the mechanical parts, if they are very dirty or missing, can damage the floors or the furniture itself. To guarantee the functionality of your furniture, we recommend you to regularly check the condition of the slides and the mechanical parts and to replace them if necessary.

General Terms and Conditions of Sale

Article 1 - Application and Enforceability of the General Terms and Conditions of Sale

Any order of products placed with KEIGIO DESIGN SL (hereinafter referred to as "the seller") implies the unconditional acceptance by the buyer and their full and complete adherence to these general terms and conditions of sale, which take precedence over any other document from the buyer, particularly over all general purchasing conditions, unless there is an express written agreement to the contrary by the seller.

These general terms and conditions of sale apply to all sales of the seller's products, except for any specific agreement made in writing between the parties prior to the order. Consequently, placing an order by a customer implies their unconditional adherence to these general terms and conditions of sale, unless specific conditions are agreed in writing by the seller to the buyer.

These general terms and conditions of sale are valid only for individuals or legal entities (hereinafter referred to as "the buyer") acting within the scope of their professional activity and apply to the current order as well as any subsequent additional and/or subsequent orders.

Any other document differing from these general terms and conditions of sale, such as catalogues, brochures, advertisements, or instructions, has purely informative and indicative value, and is not contractually binding.

These general terms and conditions of sale are provided to any buyer upon request, to enable them to place an order with the seller.

Article 2 - Orders

2.1 Definition

A sale is concluded only with the express and written acceptance of the order by the buyer, by the seller, or by the shipment of the goods ordered to the buyer. The seller reserves the right to accept the order within two weeks from its receipt.

An order is understood to be any request concerning our products listed in our price lists, accepted by the seller, accompanied by the payment of any advance payment specified in the order.

The buyer has a period of four working days to contest the content of order confirmations, delivery documents, and any other document sent by the seller; failing a dispute within this period, these documents are deemed accepted by the buyer and cannot be contested.

2.2 Modification of the Order

Orders transmitted to the seller are irrevocable for the buyer, except with written acceptance by the seller. Any request to modify the composition or volume of an order placed by a buyer can only be taken into account by the seller if the request is made in writing electronically and reaches the seller within eight days following the receipt of the initial order by the seller. In case of modification of the order by the buyer, the seller will be released from the agreed deadlines for its execution.

2.3 Product Characteristics

Any technical modification of the ordered products must be the subject of the express and written agreement of the seller. Dimensions, illustrations, drawings, information on the characteristics and performance of the products are provided by the seller for informational purposes only and are not contractually binding, except with express and written confirmation from the seller.

Article 3 - Deliveries

3.1 Delivery Time

Delivery dates and deadlines are binding only if agreed with the buyer or confirmed in writing by the seller. Delivery deadlines run from the date of order confirmation and after clarification of technical questions, receipt of documents and plans to be provided by the client, and provided that the client pays within the time indicated on the invoice.

The seller undertakes to respect the delivery deadline indicated upon acceptance of the order, based on the reference logistics time in the sector, and to fulfill orders, except in cases of force majeure or circumstances beyond their control, such as strikes, breakdowns, fires, floods, shortages of raw materials, interruptions, or delays in transportation, or any other cause hindering or delaying the production or shipment of goods.

3.2 Delay in Delivery

In case of a delay in delivery compared to the agreed delivery date, the buyer may, after writing to the seller by registered letter with acknowledgment of receipt, request the termination of the contract if, after granting the seller an additional period of thirty days for the execution of the delivery, the latter has not respected this deadline. Payments made by the buyer will therefore be refunded without interest or additional compensation.

3.3 Transport

It is the client's responsibility, in case of damage to the delivered goods or shortages, to make all necessary reservations with the carrier. Any product not having been the subject of reservations by registered letter with a request for acknowledgment of receipt within three (3) days of its receipt by the carrier, in accordance with Article L.133-3 of the Commercial Code, and a copy of which will be simultaneously sent to the seller, will be considered accepted by the client. The absence of a reservation within this period extinguishes all claims related to apparent defects or damage. The claim made by the buyer under the conditions and according to the methods described in this article does not suspend payment by the client for the goods concerned. The seller's liability can never be engaged for actions in the course of transport, destruction, damage, loss, or theft, even if they chose the carrier.

3.4 Suspension of Deliveries

In case of non-payment in full of an invoice that has become due, the seller reserves the right to suspend any ongoing and/or future deliveries.

3.5 Delivery Subject to Cash Payment

All orders that the seller agrees to execute are done so, given that the client presents sufficient financial guarantees, and will actually settle the amounts due at their due date, in accordance with the legislation. Therefore, if the seller has serious or particular reasons to fear payment difficulties from the client at the date of the order, or subsequently, or if the client does not present the same guarantees as at the date of acceptance of the order, the seller may make the acceptance of the order or the continuation of its execution conditional on a cash payment or the provision, by the client, of guarantees for the benefit of the seller. The seller will also have the right, before acceptance of any order, as during its execution, to demand from the client the communication of its accounting documents, including profit and loss accounts, even forecasted, allowing the assessment of its solvency. In case of refusal by the client of the cash payment, without any sufficient guarantee being offered by the latter, the seller may refuse to honor the order(s) placed and to deliver the concerned goods, without the client being able to claim an unjustified refusal of sale or any compensation.

Article 4 - Prices

4.1 Prices

The prices of the sold products are those in force at the time of the order registration by the seller. Prices are expressed in euros and exclude VAT. The price indicated in the seller's product catalogue at the time of the order is applicable. Prices include the cost of packaging but exclude transport costs, except in specific cases provided in the special terms of sale. The price is firm and non-revisable for the buyer once accepted by them. In case of modification of the price list by the seller, the new rates will automatically apply to subsequent orders.

4.2 Price Variation

Prices may be changed at any time by the seller. However, the prices applicable to the buyer will be those in force at the time of order registration.

Article 5 - Payment Terms

5.1 Payment Methods

Payment for the goods is made by bank transfer, according to the terms agreed between the parties and indicated on the invoice.

5.2 Payment Deadline

Payment for the goods must be made within the deadline indicated on the invoice, from the date of delivery of the goods, except for different specific conditions agreed in writing between the parties.

5.3 Late Payment Penalties

In case of non-payment for the goods by the date indicated on the invoice and after the payment date indicated on the invoice, late payment interest will be charged at three times the legal interest rate, without prior notice and as a penalty clause, in addition to the reimbursement of legal fees incurred by the seller for the recovery of the debt.

5.4 Partial Payment

No partial payment will be considered as full payment without the written consent of the seller.

5.5 Ownership of Goods

The seller remains the owner of the goods until full payment of the price by the buyer, including late payment interest and any legal fees incurred by the seller for the recovery of the debt.

Article 6 - Payment

The price is payable in full and in a single payment within 30 days from the date of issuance of the invoice. Payments made within 8 days following the date of issuance of the invoice will result in a discount of two percent (2%). Payments made by bank transfer and check are deemed to be received on the date of receipt. The use of checks is a means of payment that must be explicitly agreed upon in writing by the seller. The buyer waives invoking Article 1220 of the Civil Code and, consequently, suspending the payment of the price if they consider that it is obvious that the seller will not meet the deadline and that the consequences of such a breach would be sufficient.

6.1 Late Payment

Any delay in payment will result in penalties for the client fixed at the interest rate applied by the European Central Bank to its most recent refinancing operation, increased by 10 percentage points, without being less than three times the legal interest rate. These penalties are payable by right and will be automatically debited from the client's account. The seller reserves the right to seize the competent court to end this breach with a daily penalty for each day of delay. Furthermore, the seller reserves the right to demand payment of the full amount due by the client and to demand advance payments or security deposits.

6.2 Collection Fees

In case of late payment, the buyer will have to pay a fixed sum for collection fees, amounting to 40 euros, by right and without prior notice, in accordance with Articles L. 441-3 and L. 441-6 of the Commercial Code. The seller may ask the buyer for additional compensation if the collection fees incurred exceed this amount.

Article 7 - Product Warranty

The seller warrants that the products comply with the standards in force at the time of their delivery. This warranty is limited to the replacement or reimbursement of non-compliant or defective products, excluding any other damages, including but not limited to indirect or consequential damages. The warranty does not cover normal wear and tear, nor defects resulting from abnormal use, modifications or repairs made by the buyer, or non-compliance with the seller's instructions.

7.1 Notification of Defects

The buyer must notify the seller of any apparent defects or lack of conformity of the products within eight days of receipt. The notification must be made by registered letter with acknowledgment of receipt, detailing the nature of the defects or non-conformities and providing any necessary supporting evidence. The seller will have the right to inspect the products before accepting the return or replacement.

7.2 Return of Products

Any return of products must be expressly agreed upon in writing by the seller. Products must be returned in their original packaging and condition, along with the invoice and any other documentation provided by the seller. The cost and risk of returning products are borne by the buyer.

7.3 The seller may also demand, in the event of non-payment of an invoice on its due date, the termination of the sale after sending a simple notice. Similarly, the seller may unilaterally, after sending a notice, draw up or have drawn up an inventory of its products in the possession of the client, who agrees, from now on, to allow free access to its warehouses, stores, or other locations for this purpose, ensuring that the identification of the products is always possible.

In the event of the initiation of bankruptcy proceedings or liquidation of assets, ongoing orders will be automatically canceled, and the seller reserves the right to reclaim the goods in stock. This clause does not prevent the transfer of risks of the goods to the buyer upon their delivery.

From the delivery, the buyer is constituted as the custodian and keeper of the said goods. In case of non-payment and unless the seller prefers to request the full execution of the sale, the seller reserves the right to terminate the sale after notice and to reclaim the delivered goods, with the return costs being borne by the buyer and the payments made remaining with the seller as a penalty clause.

Article 8 – Conformity of Products and Contractual Warranty (Only in EU cases)

\*\*8.1 Products must be inspected by the client upon delivery, and any claims, reservations, or disputes concerning shortcomings, apparent defects, and non-conformities must be made within (7) seven days from the date of delivery. Without prejudice to the provisions to be taken by the buyer with respect to the carrier as described in Article 4 of these terms, claims concerning apparent defects or non-conformities of the products, resulting from a defect in materials, design, or manufacturing affecting the delivered products and rendering them unsuitable for use, will be examined by the seller only if they are made in writing and sent by registered letter with acknowledgment of receipt within seven (7) days following the receipt of the goods by the buyer.

No action for non-conformity of the order or apparent defect can be undertaken by the client more than seven (7) days after the delivery of the products. It is expressly agreed with the acceptance by the client of these general terms and conditions of sale that after the expiration of this period, the client cannot invoke the non-conformity of the products or the existence of an apparent defect, nor oppose it in counterclaim to defend against any debt recovery action brought by the seller.

\*\*8.2 The products are warranted against any defect in materials or manufacturing for a period of 24 (twenty-four) months. The seller will replace or repair the products or parts under warranty after verifying the alleged defects. The client must provide all justification for the reality of the defects found, with the seller reserving the right to carry out, directly or indirectly, any on-site verification. The buyer cannot claim any compensation, nor the termination of the sale. If the seller is materially or financially unable to proceed with the replacement, the buyer may demand a refund of the order price, excluding any compensation. Defects and deteriorations of the delivered products resulting from abnormal conditions of use, storage, and/or conservation at the client's premises, particularly in the event of any incident of any kind, cannot give rise to the warranty due by the seller.

Article 9 - Liability

The seller's liability consists of delivering a product that conforms to the purchase order and the sales specifications.

No other warranty, explicit or implicit, is provided to the buyer, except for the legal warranty for hidden defects.

The seller's liability towards the buyer is expressly limited to the replacement of the product or the refund of the price if it has already been paid by the buyer.

The seller declines any responsibility for damages caused or suffered by the delivered products, except in the following cases:

If the damage is intentionally caused by the seller or its employees or in case of gross negligence.

In case of fraud.

If the damage is attributable to liability for defective products.

In case of violation of an essential contractual obligation, the seller's liability may be engaged in case of simple negligence and will be limited to direct and foreseeable damages at the time of the conclusion of the contract. The buyer cannot assert any right or action.

Article 10 - Force Majeure

Events beyond the control of the parties, which they could not reasonably foresee and which they could not reasonably avoid or overcome, to the extent that their occurrence makes the performance of obligations totally impossible, are considered force majeure or fortuitous events.

These include but are not limited to: strikes of all or part of the seller's or its usual carriers' personnel, fire, flood, war, production stoppages due to accidental breakdowns, impossibility of being supplied with raw materials, epidemics, thaw barriers, roadblocks, strikes, or EDF-GDF supply disruptions, or supply disruptions for reasons not attributable to the seller, as well as any other cause of supply interruption that is not attributable to other suppliers.

Article 11 - Jurisdiction and Applicable Law

THE DOMICILE IS CHOSEN BY THE SELLER, AT ITS REGISTERED OFFICE LOCATED AT CARRER PALLARS 84 ATICO 4, BARCELONA 08013, SPAIN. ANY CONTROVERSY REGARDING THE APPLICATION OF THESE GENERAL TERMS AND CONDITIONS OF SALE AND THEIR INTERPRETATION, PERFORMANCE, AND THE SALES CONTRACTS CONCLUDED BY THE SELLER, OR THE PAYMENT OF THE PRICE, WILL BE BROUGHT BEFORE THE COURTS OF THE SELLER'S REGISTERED OFFICE, REGARDLESS OF THE PLACE OF ORDER, DELIVERY, AND PAYMENT AND THE MODE OF PAYMENT, INCLUDING IN CASE OF WARRANTY CLAIM OR MULTIPLE DEFENDANTS.

Bills of exchange do not constitute a novation or derogation from this jurisdiction clause. The allocation of competence is general and applies, whether it is a main claim, an incidental claim, a legal action, or a recourse. Additionally, in case of legal action or any other debt recovery action by the seller, reminder fees, legal fees, attorney and notary fees, and all incidental costs will be borne by the defaulting client, as well as costs related to or arising from the client's non-compliance with payment or delivery conditions of the concerned order.

ANY QUESTION REGARDING THESE GENERAL TERMS AND CONDITIONS OF SALE, AS WELL AS THE SALES CONTRACTS GOVERNING THEM, THAT IS NOT ADDRESSED BY THESE CONTRACTUAL STIPULATIONS, WILL BE GOVERNED BY SPANISH LAW EXCLUDING ANY OTHER LAW, INCLUDING THE UNITED NATIONS CONVENTION ON CONTRACTS FOR THE INTERNATIONAL SALE OF GOODS.

Article 12 - Waiver

The fact that the seller does not invoke at any given time any of the clauses of these terms does not constitute a waiver to invoke these same clauses later.
